Volume 24 Issue 6

June 2021

By TomL

The 15 Annual Senior Fishing Derby was a great success. The main organizers were Grace Huffman and LoToya Artis of the Ocala Recreation and Parks. BJ Trophy's donated the trophy for the biggest fish which was caught by Willie May Brown. The second trophy was given to the oldest fisher person who was 90 years young Violet Daigle.

I was worried that there would not be any more Fishing Derby's because of the COVID. Actually it turns out that it's healthier to get out side in the sun while social distancing. The weather was perfect, the fish in Lake Tusawilla were not co-operating but the lake 100 feet to the west was producing fish. There were 95 fisherman / fisherwomen. The food, the fishing poles and the bait were furnished by The City of Ocala Recreation and Parks. Lunch was Subway Turkey and Ham Sandwiches / chips / chocolate cookies / soda.

The Sponsors were BJ Trophy's , Clark Funeral Home, CarePlus, Nelsons Lawn care, Greater Hope Baptist Church, Humana and Seniors Voice who advertised the Derby and furnish a Rod and Reel to the biggest fish.

Tammy says 'People don't remember what you say, what you do, who you know more than how you make them feel... My goal is to help people feel good about their image and their relationships. To preserve them for a lifetime of enjoyment!' Tammy

FLAG DAY JUNE 14TH

Kevin Sheilley

OCALA/MARION COUNTY CHAMBER & ECONOMIC PARTNERSHIP

Making Wealth

Here at the CEP we are big believers in Manufacturing. We believe that we you make stuff, you make wealth.

Manufacturing is an important component to our local economy. We have a strong, diverse manufacturing sector locally. Companies in the metro make everything from fire engines to missile control systems, cake sprinkles to hurricane impact windows and everything in between. With more than 9,000 employees, the Ocala Metro manufacturing sector is one of the largest in Florida.

AdvisorSmith, a business consultancy, ranked the Ocala Metro as a top mid-sized metro (250,000 to 750,000) for manufacturing. The area ranked in the Top 20 of ALL metros for manufacturing output growth and for manufacturing employment growth. Additionally, the Ocala Metro has been ranked #1 or 2 in the growth of our manufacturing employment throughout 2021.

The strength of our manufacturing sector was very much highlighted during the pandemic when our companies not only

kept employment strong but grew it throughout 2020.

CEP Annual Luncheon

In early April we hosted our CEP Annual Luncheon. While we normally hold this must-attend event in February, we pushed this year's date back to the spring to allow for more vaccine implementation. Additionally, instead of the 620-capacity crowd at one location, we spaced out 650 guests through two separate physical locations and an online audience.

While the venue and the setting changed, the importance of the event and the incredibly fun way the CEP team delivers it did not waiver. This year our theme was The Search for the Prosperous Community and employed an Indiana Jones approach. Working with Eblan Worxs, a local company which has developed props for movies such as Star Wars and Indiana Jones, they provided multiple original Indy props and custom stage props for our event.

The message of the event was really three-fold: 1) our local economy actually thrived through the pandemic thanks to the incredible partnerships; 2) the future is only looking brighter with more growth and opportunity in the pipeline for 2021 and beyond; and 3) all the momentum can be lost in a moment if we as a community stop working together and decide to rest on our

laurels. Thankfully, I fully believe that our community's leadership is embracing the opportunities of the future and will refuse to rest!

We are just beginning to see the fruit of

years of hard but diligent work to grow and diverse this local economy. This community is certainly focused on *Moving Forward!*

From the FairTax guys. Here is a photo from our trip to Las Vegas on Project 2224, a project to help new candidates for office learn about the logistics of running for office and the issues. Three of the four candidates who signed the Candidate's FAIRtax Pledge. From left Ron Maiellaro of FAIRtax, Willie Mongteque, candidate for US House in Florida District 10, in the middle is Rubin Young, candidate for US

House in Florida District 23 and to the right of Rubin is Alex Stovall, candidate for US House in Arizona District 7. Bob Paxton is on the right. Not in this photo is Jerrod Sessler, candidate for US House in Washington District 4. Bob Paxton of FAIRtax. This photo was taken on April 24th. Ron and Bob are known as the FAIRtax guys!

Activity Guide

Fresh off the press! The Ocala Recreation and Parks activity guide features events, programs and more that will take place this summer like our [Aquatic Fun Centers](#), [summer camps](#) and more. We have something to do for all ages so make 2021 your year to try something new with Ocala Recreation and Parks!

The guide is published three times a year: [January-April](#), [May-August](#) and [September-December](#). It is available in print and online. For questions regarding content or to sponsor the program guide, [contact us by e-mail](#).

Florida State Senate

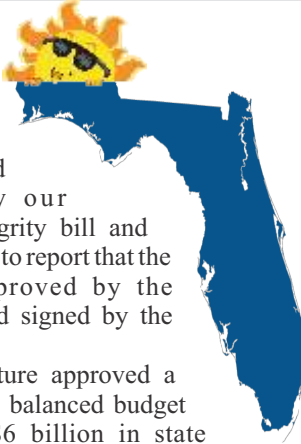

DENNIS K. BAXLEY

Dear Friends,
The 2021 Legislative Session (and the ensuing Special Session on Gaming) has concluded. It feels good to be back in Senate District 12 with my family and friends. Thanks to Senate President Wilton Simpson, House Speaker Chris Sprowls and Governor Ron DeSantis, we accomplished much and we are very proud of the strong position that Florida is in for the future. For the next two or three columns, we will highlight some of the work we did as a body, on behalf of the citizens of Florida. This month, we will report on the budget.

A quick note: In the last two columns, we have highlighted extensively our elections integrity bill and we are excited to report that the bill was approved by the legislature and signed by the Governor.

The legislature approved a \$101.5 billion balanced budget that leaves \$6 billion in state reserves, while making key investments in infrastructure, child welfare, and increasing the state employee minimum wage. The budget also included bonuses to

our hardworking state and local first responders, teachers, and childcare providers, and nearly \$1 billion will be provided to reimburse health care employees and emergency responders for childcare expenses incurred during the pandemic.

The Legislature further increases an already unprecedented level of per student funding for K-12 education, and increases our allocation to again raise teacher salaries. Totally spending for education in Florida is nearly \$40 billion and is the second most significant portion of state spending, right next to healthcare. Do not let anyone tell you that Florida does not invest in education!

Health and Human Services represents \$45 billion of state funding. This year we ensured that our Medicaid program remains fully funded, as well as the KidCare Program, which provides high quality health insurance for 229,000 children in Florida.

Significant investments are made to expedite water quality improvements and environmental restoration projects, as well as replenish the funds available for state highways projects, which declined last year as people spent more time at home due to the pandemic. Total funding for environmental and agriculture projects comes in at around \$4.4 billion. This includes immediate spending of \$111 million to fund project grants and planning for threats from flooding and sea level rise.

The best part about all of this? These responsible and strategic investments are made without needing a state income tax and without taxing businesses to death like they have done in New York and California. Our budget is half the size of New York, and we have more people than they do. Yet, by keeping taxes low and allowing people more freedom, we can ensure Florida continues on its path towards a full economic recovery, and positions our state to address any potential challenges and opportunities that lie ahead.

Onward & Upward,
Senator Dennis Baxley

PUBLISHER’S NOTES

I remember our history studies in school about the Holocaust. I wondered, how did Hitler get millions of people follow passively to their death and not fight back??? Suddenly I realized we Americans are taking the same path!

Socialism is free stuff. Sounds great, where does the free stuff come from? What happens when the company or people get tired of supplying free stuff? Socialism is tax the rich to feed the poor. Kind of like Robin Hood who really did not do what they claim. Remember Robin Hood was a bandit, a bad guy. When the rich don't want to be taxed any more they take their money and move out of the country where the tax is not as bad.

The second big problem with Socialism is there is no middle class. The powers to be have to get the middle class dependent on the Government hand out. Then there is only two classes. The upper class (the wealthy) and the lower class (the dependent's). As a dependent you lose your ambition, sense of pride and the

sense of right from wrong. If you and your family are hungry, you will do what's necessary to survive.

People keep relating these recent problems with history. I don't think there is any correlation to compared these times with anything we have every experienced. I think the pipe line shutdown was to teach us a lesson about who is in charge. In Cuba when a person in a certain neighborhood does something the Government does not like the government shuts down the electricity to that neighborhood, one block two blocks three blocks or the whole east coast...get the picture.

I am concerned but not afraid and if I was I would not let them know. I am to old to charge up a hill in battle but I WILL STAND MY GROUND!

WORLD MURDER STATISTICS

From the World Health Organization

The latest Murder Statistics for the world:

Murders per 100,000 citizens per year.

ALL (109) of the countries have 100% gun bans.

1967 per hundred thousand citizens in the

world

It might be of interest to note that SWITZERLAND is not shown on this list, because it has... NO MURDER OCCURRENCE!

However, SWITZERLAND'S law requires that EVERYONE:

1. Own a gun.

2. Maintain Marksman qualifications ... regularly .

Did you learn anything from this??

I think the message is - loud and clear...

I will never forget the speech where Nancy Pelosi said... "Donald Trump will never serve another term NO MATTER WHAT IT TAKES!

Now Bidon's first one hundred days he has attempt to undo every executive order that Trump did and he is trying to take credit for Warp Speed. It has cost the people of this country dearly. Biddon does not seem to care or maybe he don't understand, he is just another empty suit that wants to be cool!

MISSING AT THE BORDER Kamala Harris!

WHERE PHOTOGRAPHY IS ART
 Photography where you live life.

"Tammy has been our family photographer for over 15 years. I knew with the first images she created for us that she would be the only professional photographer I would use to take photos of our growing family. Every time she captures our children perfectly. When I look at the images, even years later, they evoke memories and emotions from that time in our lives. We are so blessed to have Tammy as a member of our family, as our official family photographer."

ONE PERSON'S OPINION LETTERS TO THE EDITOR

Dear Editor:

A negative power lusting agenda, by bottom feeders, who grab any negative concept they can find. Use them to falsely accuse others, and use bullying tactics to enforce these falsehoods on good people. Good people must resist to save their sane way of life. A perfect example of bottom feeders are the three leaders of BLM. A million dollar house here a million dollar house there a million dollar house everywhere. What a fun game this is.

Every generation has its group of ruthless power lusting monsters, and this generation has a bumper crop.

There are multiple groups vying for control. Fighting them off is a monumental task. But we cannot relax and become lazy, we must remain vigilant. If we back down we condemn ourselves to an existence of torment.

This crop of ruthless are especially vicious. Look at what they propose. Theories without proof. Nutty notions they get in their minds, that they force on us, but not on themselves. That should be the first best clue what they are up to. Kerry flying on a private jet half way around the world to receive a phony baloney award. Perks for me but not for thee. This is the way the ruthless game is played.

Number one issue that needs attention. The nutty idea that you can be a country

without a border has got to be rectified. We need our border back, immediately. Something is wrong with Biden. If there is no border there is no country. What is he president of? No country, no need for a president.

Know of a group of men who discuss these matters at the golf club, however think it will take a little more than a golf club discussion to thwart this problem. Time to get tough.

We sit and discuss, while they riot, loot, and destroy property. They are bottom feeders incapable of discussion. Nothing in their upper stories.

We should be ashamed allowing a bunch of good for nothings besting us. Where did this notion come from that I [WE] are responsible for every person in the universe? When we were in the depression, no one was responsible for us. Was told my father sat in a chair and cried because he had no money to buy food to feed us. We owe them opportunity not food, shelter, clothing, education, and health care. My father wanted a job, not a handout. How things have changed. If you expected health care you had to have \$5 in your pocket.

Because you live like a creampuff does not mean everyone will. Unless you care to pay for all the free stuff people in the world. Let us not get sidetracked. Freedom is our primary issue. Nobody has the right to tell me how to live, the last I heard God gave me the right to live free.

The difference today, is day and night, between the Greatest Generation, and today's Dipsey Doodle Ruthless generation. D.I.L.

Before Buying Plants From Overseas

What You Need To Know Before Buying Plants Or Seeds From Overseas (NAPSI)—Online shopping and e-commerce have opened new doors for gardening enthusiasts, offering unprecedented access to rare and exotic plants and seed products from around the world at the click of a button. But before you buy plants or seeds online from overseas sellers, you should know they could pose a significant risk to U.S. agriculture and natural resources, because they can carry harmful plant pests and diseases.

It's The Law

It's illegal to import plants and seeds from overseas into the U.S. without the appropriate paperwork indicating they're pest-free. Just because it's easy to buy them online, does not mean they're safe and you, the buyer, are responsible for checking the origin and import requirements.

The Problem

Invasive pests and plant diseases are often not visible to the buyer and, if left unchecked, can easily and rapidly spread. Plant diseases, for example, can be carried in common garden staples grown outside the U.S., such as tomato and pepper seeds. Not

only do invasive pests cost the U.S. an estimated \$40 billion a year in damage to trees, plants, crops and related eradication and control efforts, they can have a significant effect on America's food supply.

An Answer

Fortunately, the United States Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) has put together clear guidance on the steps online buyers should take to protect U.S. gardens, landscapes, agriculture and forests from this threat.

Six Steps To Safe Seeds And Plants

Here's what you need to do when buying plants or seeds online from another country:

- 1. Check whether you need an import permit for the plants or seeds you wish to bring in. If required, apply for and get an import permit from APHIS, which specifies the import requirements before the plant or seed species is allowed entry into the country.
- 2. Request shipping labels from APHIS, if required under the permit conditions.
- 3. Inform the seller about the labeling and shipping requirements detailed in the permit.
- 4. Instruct the seller to include an invoice detailing the scientific name and quantity of

Buying Overseas

Continued from page 8
plants or seeds in the shipment.

5. Ensure the seller has a phytosanitary certificate from the National Plant Protection Organization (NPPO) of the country of origin. This means the NPPO has inspected the plants or seeds and found them free of plant pests and diseases.

6. Instruct the seller to use labels provided

by the buyer to ensure plants or seeds are delivered to an APHIS Plant Protection and Quarantine Plant Inspection Station.

Everyone plays an important role in protecting U.S. food, gardens and trees. If you're planning to buy plants or seeds online from foreign sellers, take the appropriate steps to make sure you are following U.S. import laws.

Love is just a leash away!!

The HSMC is here for you and the animals who depend on us. We wanted to share that we will continue to be here to help unwanted pets during this pandemic while following all Marion County and Florida state guidelines.

As this situation is constantly changing, we ask that you continue to visit our Shelter using the safety guidelines in place.

How can you help?

Pet Food Bank: Help stock our Pet Food Bank with pet food and supplies for people who cannot afford them due to job loss or other reasons. You can also bring donations to our Shelter daily from 10-6. Masks required please! If you need help keeping your pet with you during this time, our Happy Paws food program is here for you.

Volunteer: A small number of volunteers have returned to help in various departments. We are accepting volunteer applications but do not yet know when we will schedule orientations for new volunteers. Please contact us for more information about volunteering. We are currently working on a digital orientation.

Opt to adopt: According to the Centers for Disease Control and the World Health Organization, there is no evidence that companion animals such as cats and dogs can spread the virus that causes COVID-19.

Donate: We know there is a lot of uncertainty right now but homeless and unwanted animals still need us. Donate to help the Humane Society of Marion County so we continue our lifesaving work and make them feel safe and loved.

Bilbie

Bilbie is a 14 weeks old male brought to the HSMC with her brother Wombat! We believe they could be Xolaitzcuinli, or Xolo, which is Mexican hairless dog breed.

Fuchsla is a 15 week old paralyzed kitten full of love.

Ninja is paralyzed in his hind legs but enjoys runs with his wheels.

Your donations make it possible to provide medical care, food and shelter to animals in need. On behalf of all the animals, thank you for caring.

Attorney General Moody speaking at the Officer Memorial in Ocala Florida.

Gov DeSantis

Governor Ron DeSantis Signs Bill to Safeguard the Sanctity of Florida Elections

Florida Leads on Election Integrity and Transparency

West Palm Beach, Fla. – Today, Governor Ron DeSantis signed into law Senate Bill 90, Florida's new election integrity bill, strengthening voter identification, prohibiting the mass mailing of ballots, banning ballot harvesting and prohibiting private money from administering elections in our state.

"Florida took action this legislative session to increase transparency and strengthen the security of our elections," said Governor Ron DeSantis. "Floridians

can rest assured that our state will remain a leader in ballot integrity. Elections should be free and fair, and these changes will ensure this continues to be the case in the Sunshine State. I'd like to thank our legislative leaders on this issue – Senate President Wilton Simpson, House Speaker Chris Sprowls, Senator Dennis Baxley, and Representative Blaise Ingoglia."

"Florida leads the nation in election reforms because the Florida Legislature and Governor have taken a proactive approach to review and address any election issues," said **Senate President Wilton Simpson**. "Safeguarding and maintaining the integrity of our elections is important to all of us. We all lose when people have no confidence in the integrity of an election. That's what we want to avoid. We don't want to backslide.

Florida was a model for the nation in November, and that is something we can all take pride in. With this legislation, we are codifying provisions of the Governor's executive order that were largely credited as a reason Florida's 2020 general election went so smoothly, and why results were available much quicker in Florida than in many other states. I appreciate the Governor's leadership on this important issue."

"Floridians have more options to cast their ballot than ever before. With that variety must come assurance of security, accountability, and transparency," said **House Speaker Chris Sprowls**. "The bill Governor DeSantis signed today will protect our election procedures and provide voters with confidence that our elections will remain accessible, efficient, and secure. The right to vote should never be taken for granted, and we must always strive to improve the processes that establish the foundation of our democracy."

"Florida's leaders have answered the call to ensure that our elections process remains secure and credible," said **Senator Dennis Baxley**. When it comes to the integrity of our free and fair elections, our state did not wait until something went wrong. Instead we were proactive in our responsibility to ensure that Florida voters are confident that their vote is being counted. Thank you, Governor DeSantis, for your leadership and for helping us make Florida a place where it is easy to vote and very hard to cheat."

"This legislative session, we set out to improve and strengthen the integrity of elections," said **Representative Blaise Ingoglia**. "We set out to ensure safe, secure and trusted measures for voting, and we prevailed. I thank Governor DeSantis for his vote of confidence to carry such landmark legislation that will restore confidence in the most sacred right we have as Americans."

Senate Bill 90 strengthens existing voter ID laws, bans ballot harvesting, prohibits unsolicited mass mailing of ballots,

increases election transparency, and prohibits private money from administering elections. While Florida already requires identification to vote, Senate Bill 90 will require additional identification information when changing any voter registration information, or requesting a vote by mail ballot, preventing fraud and securing the voter rolls.

The proposal strikes a reasonable balance for families and those in elder care facilities while simultaneously banning ballot harvesting by political operatives. Under this law, a person may not handle more than two ballots other than those of immediate family members. There is an exemption for ballots collected during supervised voting at assisted living facilities and nursing homes to make sure no undue burden is caused for Florida's most vulnerable.

The proposal bans the mass mailing of ballots, ensuring that vote-by-mail ballots are only sent to the individuals that requested them, and only if requested for each election cycle they intend to vote by mail. The bill also increases election transparency, allowing each political party and candidate guaranteed access to observe signature matching reviews by the canvassing board, and allows for appointed watchers on their behalf.

The bill bolsters reporting, requiring that every county have access to live voter turnout data, updated hourly by Supervisors of Elections (SOEs). SOEs will also be required to post, beginning at 7 p.m. on Election Day, the number of vote-by-mail ballots that have been received and the number of vote-by-mail ballots that remain uncounted. This reporting will be updated at least every hour.

Finally, the bill will prohibit private money from administering elections by prohibiting our Election Supervisors from accepting donations or grants to fund any aspect of election administration or operations.

A large, colorful graphic for WOCA radio station. The central element is a blue circle with a yellow border. Inside the circle, the word "SOURCE" is written in large, white, bold letters. Above "SOURCE" is a red rectangular sign with the words "ON AIR" in white. Below "SOURCE" is the text "News-Talk-Music-Sports" in white. At the bottom of the circle, the call letters "WOCA" are written in white. To the left of the circle, the text "Your 'SOURCE' for News, Talk, Music," is written in a stylized font. To the right, "Sports, Prizes, & More!" is written. The background of the entire advertisement is a collage of various images, including a car, a building, and a person.
